

Language Resource Centre

Language acquisition is the need of today and it will be an added asset for a student if he or she has got perfection in a language. Being multilingual he or she will surely have an edge.

Driven by this idea the **Language Resource Centre** was established in **2006** to cater the need of language learners. Under the technical assistance from **Central Institute of Indian Languages (CIIL)** Mysore a state-of-the-art Lingua-Lab was set up in 2007 which is first of its kind in the eastern region.

LRC targets to augment the academic excellence of the students and to ensure better career opportunities as vistas are opening up in multiple fields. To cater this need **LRC** is presently running certificate course in FOREIGN LANGUAGES, TRIBAL LANGUAGES and ENGLISH.

Apart from catering the linguistic need of the students and providing all possible solutions in speech communication, the LRC plans to become a hub of all languages learners, scholars and experts to and to convert it into an **Advanced Centre for Translation and Tribal Languages**.

Lingua Lab : Having the capacity for accommodating 20 students at one time, the lingua lab is located in a well-furnished , air-conditioned and acoustically treated hall. It consists of 20 cabins for students and a teacher's console. The students' cabin is equipped with inbuilt recording and receiving system, a head phone and a VGA monitor. The teacher's console is fully loaded with all hardware and software and is connected with the student cabins.
